

## QLYC.... Messabout off the beach - Sun January 27, 2013

### Past Australia Day – They came and enjoyed!!

Well.... Australia Day went and now it is enjoyment and laid back relaxation at the club for off the beach day...

Geoffrey was down early and prepared the events of the day with dinghies out and rigged, burgee to the flagpole, and outdoor furniture dusted off!!

getting their feet wet!!

Commodore Jill arrived and set about the BBQ and associated works...all was in full swing and we even had a “blow in” from Wangaratta passing by, saw the sign, made a left turn and spent the afternoon with his daughter sailing on Swan Bay...”Didn’t even know it existed and what a great bit of water to sail on!!” was the comment.

From around 11am a number of people called in and from there it was full steam with kids, teenagers, adults and anyone with an interest

Again  
QLYC

showed the way with having all visitors and members getting to the water during the afternoon....

New member Peter from Aireys Inlet showed off his lovely trimaran (made under his own hand!) and had a few lined up for a quiet sail across the bay and return....nice looking craft mate!

Our Geoffrey managed to get hold of a jib sail for his catamaran and took to the water with Kate in a display of professional speed .... Even the banjo sharks were impressed!!

**Next Club Messabout Day  
will be announced –  
for later in the season.....  
PLEASE Keep an eye on the  
website for an  
announcement!!!**
